

DAI LARMA PROJECT

In this project, Synercon's team was tasked with performing Vulnerability Assessment and Penetration Testing (VAPT) on the CLRMIS software for the Board of Revenue Khyber Pakhtunkhwa (KP). Our team conducted thorough testing of the software, and the findings were integrated into a detailed report presented to the Senior Member Board of Revenue (SMBOR).

At the conclusion of the project, a training session was conducted for the Board of Revenue team, ensuring they are well-equipped to maintain and enhance the security of their software. This project underscores our commitment to enhancing the security and efficiency of our clients' systems.

CONDOLENCE'S OFFERED TO THE AMBASSADOR OF IRAN

Ms. Sajida Zulfiqar (Chairperson) and Mr. Jabbar Khan (CEO) visited the Iranian Embassy to extend their condolences on the passing of his H.E. President Ebrahim Raisi and H.E. Foreign Minister Hossein Amirabdollahian. They met with the Ambassador of Iran to offer their heartfelt sympathies and prayers for the deceased.

Mr. Jabbar Khan left a touching message in the memorial diary dedicated to the late President and Foreign Minister, honoring their memory and expressing deep sorrow on behalf of our community. This visit highlighted the strong bonds of solidarity and respect between our nations during this time of grief.

SITE VISIT WITH THE ASSISTANT COMMISSIONER JAMRUD-KHYBER PASS ECONOMIC CORRIDOR (KPEC) PROJECT

On 21st May, 2024, the Synercon engineering team, alongside the Assistant Commissioner Jamrud, conducted a site visit to evaluate six potential sites for the new Pak-Afgan bus Terminal project. The goal was to identify the most suitable location in accordance with World Bank policies.

During the visit, an additional site was identified. This new site, spanning approximately 40 acres, is closer to the Southern Link Road (SLR) and Peshawar Torkham Expressway (PTEX), presenting a more favorable option for the terminal. The proximity to these key infrastructures enhances its suitability, making it a promising candidate for the project.

This visit underscores our commitment to thorough evaluations and adherence to international BEST PRACTICES in our project development process.

FPCCI EXPORT COMMITTEE 1ST MEETING

1st Meeting of the FPCCI Central Standing Committee on Export was held on 23rd May 2024 at the FPCCI Capital Office, Islamabad, and via Zoom Link, convened by Mr. Jabbar Khan, Convener of the Committee. A proposal for development of export sector was presented in the meeting. Saadat ullah Khattak Director Synercon gave his valuable input on the export of engineering and IT services. The meeting was attended by larger number of businessmen from across Pakistan from the export driven industry sectors.
